

# Our Lady Catholic Primary School – Knowledge Organiser

Autumn term 1

Art: Andy Goldsworthy

Year 1

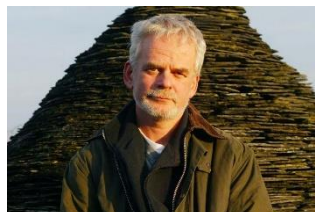

## What I already know:

- I know some of these natural materials.

## Sticky knowledge:

This is Andy Goldsworthy. He was born in Cheshire, England.

He uses natural materials in his work, like stones, wood, leaves and snow.

Andy Goldsworthy often uses circles, spirals and curved lines in his work.

We are going to use natural materials to create our own sculptures inspired by his work!

## Key Vocabulary

**Natural materials-** Material that people have not made but can be found in the earth and around us.

**Statue-** a piece of art that is shaped out of stone, metal or other material. Statues are often in the form of a human or animal.

**Sculpture-** Is a 3D model - this means the object is not flat.

**Texture-** How the material feels on your skin.
