Science Autumn 1 - Animals including humans

Key Vocabulary

Key vocabulary				
digestive	The organs in your body			
system	involved in the digestion of			
	food.			
digestion	This is the way the body breaks			
	down food so the body can			
	absorb it.			
herbivore	Animals that only eat plants.			
carnivore	Animals that eat other animals.			
omnivore	Animals that eat both plants			
	and animals.			
producer	All green plants can make food			
	in their leaves. They are the			
	only producers of food.			
consumer	Animals that eat plants in a			
	food chain.			
predator	Animals that catch and eat			
	other animals.			
prey	Animals that are hunted and			
	eaten by predators.			
food chain	Animals eat plants or other			
	animals. The way this happens			
	is shown in a food chain.			

Teeth

Humans have 4 types of teeth:

- incisors used for cutting
- canines rip and tear food
- molars and premolars for grinding and chewing food

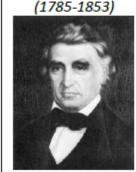

Premolar Mola

Significant scientist

William Beaumont

William Beaumont was a surgeon in the U.S. Army. He carried out lots of experiments and research on human digestion. As a result, he provided the world with new information about the digestive process in living human beings.

Food chains

= is eaten by

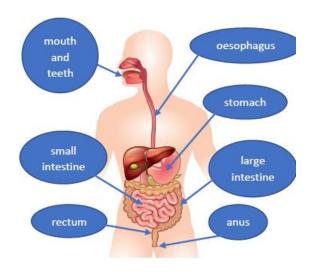

Lion skull

Lions are carnivores.
They have big canine
teeth to help them
catch their prey.

TOPIC - Human Digestion and Teeth

Year 4

The main parts of the digestive system:

- Food enters the body through the mouth
- The teeth start to break the food down.
 Saliva is added and the tongue rolls the food into a ball.
- After swallowing, the food passes down the oesophagus to the stomach
- In the stomach the food is broken down further by being churned around and some chemicals are added.
- Food passes into the small intestine. Here
 nutrients are removed from the food to be
 used elsewhere in the body.
- The rest passes into the large intestine where water is removed to be used elsewhere in the body.
- What is left is then stored in the rectum until it leaves the body through the anus when you go to the toilet.
