

# Our Lady's Catholic Primary School - Knowledge Organiser

## Science

## Our Senses

## Year 1

### Sticky knowledge:

### What I should already know:

- I know some parts of my body.
- I know how I use parts of my body
- Looking and listening, kind hands and feet.

### Images

Sight

Eyes

Your eyes let you see all the things around you.

Hearing

Ear

Your ears let you listen. Your brain is able to tell you the different sounds, e.g. quiet and loud.

Touch

Hands and skin

Your skin lets you feel the temperature e.g. hot or cold.

Taste

Tongue

Your tongue allows you to taste different foods. These can be salty, sweet and sour.

Smell

Nose

You smell with your nose. This sense tells your brain if the smell is nice or not.
