

Our Lady Catholic Primary School – Knowledge Organiser

Autumn term 2

Art: Colour creations

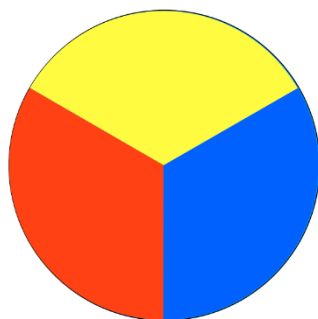

Year 1

What I already know:

- I know lots of different colours and can name objects that have a certain colour.
- I can identify light and dark colours.
- I have experimented with colour mixing in Reception.

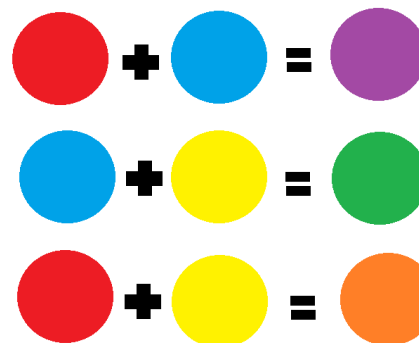

Sticky knowledge:

There are 3 special colours known as primary colours. These colours can be mixed together to create all the other colours.

Yellow, Blue and Red are the **primary colours**.

The primary colours mixed together make **secondary colours**.

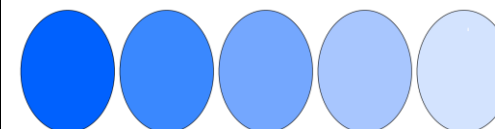

Key Vocabulary

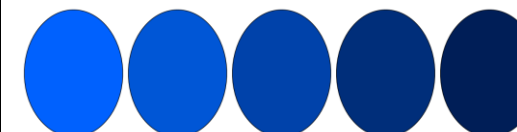

Abstract art- Art that shows an idea. It uses colours, lines and shapes rather than drawings of objects.

Shades-

We can make lighter shades of a colour by adding white.

We can make darker shades by adding black.

Famous artist

Kandinsky
