Dear Parents / Carers

The Eco-Council Need Your Help

The Eco-Council has been coming up with ideas to reduce waste in the school and also to eliminate single use plastic items. The aim for this year's council is to find three ways of reducing single use plastics in the school.

So far, the school has replaced disposable plastic cups with hard plastic reusable cups. Our second target is to use reusable containers for our food tech and this is where we need your help.

We are going to be collecting reusable plastic containers to use to take home our cooking. Everytime someone uses them they will be returned (clean) to be used again by someone else. This will reduce waste and be better for the environment, currently we buy polystyrene boxes which are not recyclable.

If you have any spare clean plastic containers with secure lids (eg used takeaway containers, butter tubs etc) we would be grateful if you could send these to school from Monday 20th January.

Thank you very much for your help.

Kind regards

The Eco-Council
