

Our Lady Catholic Primary School

Week beginning: 29th April 2019

This week has concluded with a brilliant bounce-a-thon to raise money for Sereph. The children have had a great day of bouncing! Before you settle down to enjoy your long bank holiday weekend, have a read of what have been happening in class this week....

Reception

This week we planted magic beans. A magic beanstalk appeared in our classroom on Monday. We tried to see where it went but it was too high. We think there might be a castle at the top with a giant in or maybe fairies.

In RE we have been learning about our new topic 'Pentecost'. We made the tomb that Jesus' body was placed. We used salt dough. We painted the tombs and painted a cross onto the big stone.

By Luisa & Eoin

Year 4

On Wednesday, Year 4 went on a school trip to Hudnall Park. We had so much fun. When we got onto the coach, we were super excited. We got to Hudnall Park and we played on the massive field. The boys played football and the girls ran around. First, we went into the 'bean bag room'. When the other school went, we saw our rooms and then started on the first activities that were problem solving and mountain biking or den building. After the activities we went to bed, we were excited for the next day because there was lots to do. In the morning we had breakfast, it was delicious. Then we started on orienteering and Fisher team won. We made art sculptures and Alban team won. It was the best trip!

By Jimmy & Regan

Year 3

In Maths, we have been learning about fractions. In art, we made paper models. We could only use certain resources like glue, paperclips, cellotape, paper and coloured pencils.

In English, we started a new topic. We also started reading a new book called 'The Hodgeheg'.

In Science, we were learning about planets and we made a flap book to explain what the different parts of the flower are and what they are for.

By Lola & Nicole

Year 1

In Year 1, we are learning about space. We made space pictures in Art. We drew four planets and some stars. In RE we are learning about Pentecost. We made flames for the tongues of fire.

In Phonics, we designed aliens and gave them alien names.

By Tobia & Ava

Year 5

This week in Year 5 we went on a school trip to the Airbus Discovery Centre in Stevenage. We had 3 main activities; exploding paint bags, 2020 Exomars Rover talk and programming Lego mindstorm rovers. We also had many other activities to keep us busy. We had so much fun; we even got a goody bag at the end!

In English, we have been reading and talking about the book, 'The fire maker's daughter'. We have enjoyed it so far and we cannot wait hear what happens next!

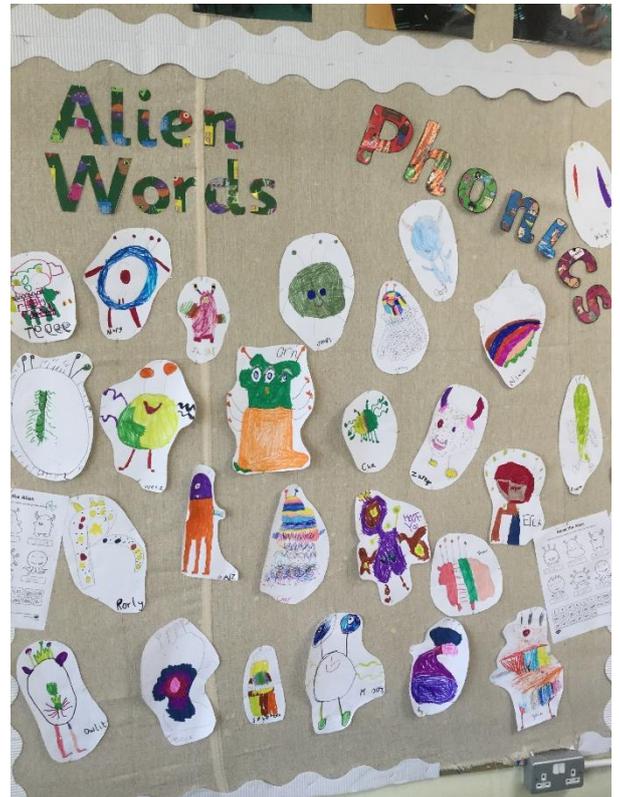

By Joshua & Morgan

Year 2

In Art we have been learning about an artist called Giuseppe Arcimboldi. He made faces using fruit.

In RE we have been learning about Jesus' resurrection. We wrote the story of the resurrection.

By Luisa & Daniel

Year 6

In Science, we have been doing experiments about friction and gravity. We were working in groups using paper, newton meters, weights, a wooden block and meter sticks.

In History, we have been learning about the Victorians and writing questions about what we already know.

In Maths, we have been revising shape, multiplying fractions, dividing fractions and long multiplication.

In RE we started our Pentecost topic. We created flames to represent the tongues of fire.

Guest blog

What a fantastic Friday we have had at school! Seeing everyone come in dressed up and ready to bounce has been fantastic. I was so impressed at the commitment of the bouncers and their passion to raise money for Super Seraph! The amount we have raised is TBC once the sponsorship has been paid.
