

Chaplaincy team news letter

Hello and welcome to the first Chaplaincy Team newsletter.

Ash Wednesday Mass

This was the first mass in two years where parents were allowed to come in the school and watch the mass. The Chaplaincy Team took a key role in the readings, offertory and Altar serving. Everyone was really excited and enjoyed welcoming Fr Tom and Adams as well as our parents back to school after so long. The mass marked the beginning of our Lenten journey

Meeting with the governor

A few weeks ago, Mr Murphy from the Diocese visited our school. He asked us questions about the Chaplaincy Team and how things were going with it. It was extremely nice for us to tell him about all we have got up to and everything we have planned for the summer term.

Refugee Assembly

On the 22nd March, we had a refugee assembly in the hall to place ourselves in the position of refugees. We got into groups of 6 and then assigned each person as a family member. The scenario was given that the group of 6 (family) had to evacuate.

Throughout their journey, the family were faced with problems that refugee families would face. At various stages, the groups had to make decisions about what items or belongings they would leave behind and even decide how the family would separate at the final stage of the journey. After the activity, we then wrote prayers to be sent to refugees that have evacuated Ukraine. After Year 6 had done their activity, members of the Chaplaincy Team helped the other year groups whilst completing their activities.

Lenten games held by Y6

On Friday the 1st April, Year 6 held the Lenten games. Games such as Penalty shootouts, a Pop It races and memory and blindfolded games were enjoyed by all the classes. Winners received a prize from the hosts and even if people didn't win, they still got a small prize all donated by Year 6. The money raised will all be going to the Kanyike project in Uganda.

Thank you for reading and we wish you a happy Easter - From the Chaplaincy Team
