

WELCOME TO YEAR 6

Mrs Marinho, Mrs Kinsella

Home-School communication

- School diary (in school every day please: home-school communication)
- The children need to take ownership of the communication and recording their reading.
- Please can you sign your child's reading record every time you hear them read and at the end of each week.
- If you require a longer conversation with us please email me (year6@ourladys.herts.sch.uk) to make an appointment. We can call you at a suitable time also. Changes to collection arrangements/absences need to be emailed to the office.

Homework

Reading (Daily)

Spellings (Weekly)

Times tables (Weekly)

Longer task (Weekly)

- 3 week rotation English, Maths, RE or topic. Set on a Friday on seesaw and due in the following Wednesday.

144 Club

Date: _____

Time: _____ Accuracy: _____

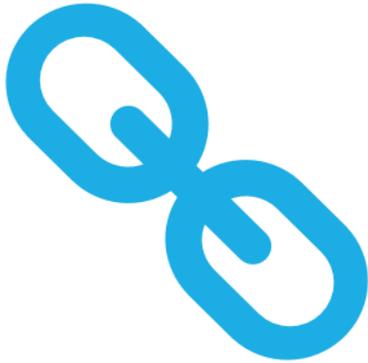

x	3	5	12	10	6	8	9	4	2	11	1	7
7												
10												
6

11												
9												
5												
3												
12												
4												

- This is a 144 square which your child will be completing each Wednesday.
- They have 5 minutes to complete the task.
- Their aim is to improve their score each week and if full marks are achieved, they will attempt to beat their time.
- Children will be asked to put their scores in their homework diaries for you to see.

Homework

This will link to the learning we have been doing in class. It might be a task to consolidate and embed knowledge or skills or it might be a task to extend the children.

The children should attempt the homework first and then we are happy for you to help if they are finding it too challenging. If there are particular websites or sheets that might assist the children we will make them aware of these.

Reading

Reading is very important; the children should read everyday.

As the children are getting older you will find that their ability to read fluently has improved, but as the adult you need to make sure that they have understood what they have been reading and are developing their inference skills. To do this you need to question the children about the chapter they are reading.

Here are two great links to books appropriate for Year 6 children

<https://www.booksfortopics.com/year-6>

<https://www.thereaderteacher.com/year6>

CURRICULUM

Please see Curriculum Map created for the Autumn term
in Year 6

- We will be going to RAF Hendon during our WW2 unit.
- We have workshops and trips planned.
- The Summer Term trip will be communicated in the new year.

Trips

Currently this term PE is on Thursday and Friday

PE kits must be in on these days but it is a good idea to have them in school all week.

Outdoor trainers will be needed as part of the PE kit.

Please inform us via email/in writing if your child is unable to do PE with a valid reason.

PE kits will be asked to be taken home to be washed weekly.

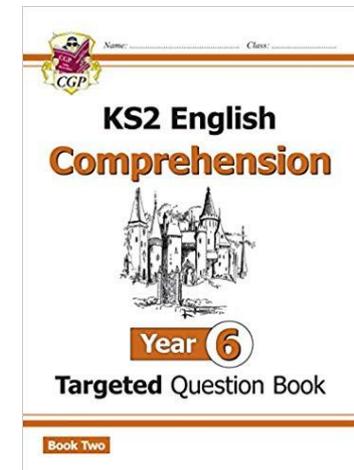

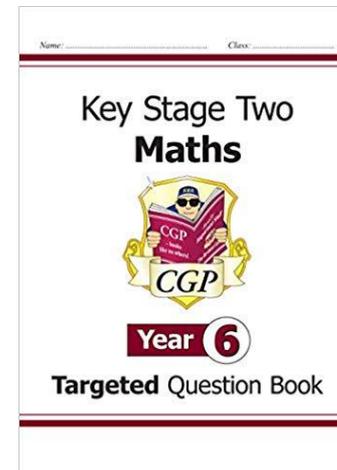

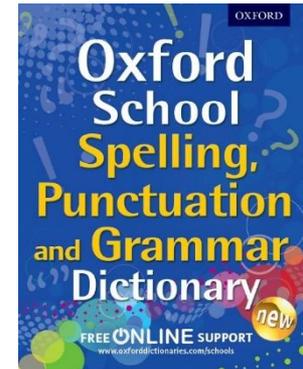

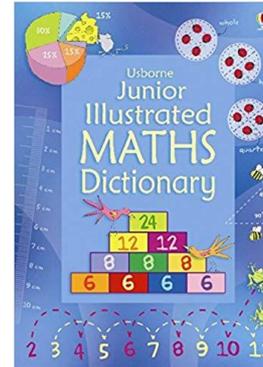

Healthy at Home

Promoting a healthy lifestyle will also help your child, not only this year, but for years to come. Some useful ideas may include:

- Limiting screen time
 - Exercise daily
- Healthy eating for a healthy brain
 - Drink plenty of water

How else can you help?

- MyMaths to be used at home for revision.
- CGP books are great investments!
- SPAG and maths dictionaries.
